

Meet the iRISCO App
Compatible with LightSYS+ and
WiComm Pro Systems.

RISCO 
A LIFETIME OF SECURITY

Be in Control Anytime Anywhere

Enjoy full control of your Alarm, Access Control, Video and Smart Home features directly from a single intuitive app, from any location as you go about your day. The iRISCO smartphone app provides you with convenient control on the go for total management of your security and system.

In the case of an event, you immediately receive notification to your app so that you can decide the best course of action.

Wired Detectors

Commerical & Industrial

WatchOut Extreme Outdoor DT Detector

- Grade 3, 15-23m range.
- Relay or BUS installation.
- Active IR Anti-Mask and proximity alerts.
- Pet immunity
- Mounting height: 1- 2.7m, 2.2m for barrier and long range.

RK315DT000C

Seismic Detector

- 5m detection range.
- Relay or BUS installation.
- Piezo sensor with pattern recognition digital signal processing.
- Temperature sensors detect extreme temperature attacks.
- built in MP tester

RK66S00000B

Industrial LuNAR 360 Ceiling DT Detector

- Grade 3, 360° by 18m diameter coverage.
- Relay or BUS installation.
- Anti-Mask: 3 Active IR channels.
- Anti-Cloak Technology (ACT™).
- Up to 8.6m mounting height.

RK200DTG3USB

ShockTec Plus Vibration Detector

- Grade 2, Gross Attack detection.
- Ideal for windows, doors, walls & roofs
- Attempts to defeat the contact with large magnets cause a tamper alarm

RK600S00000B / RK601SMG300C

Residential, SMB & Commerical Outdoor

Beyond Outdoor DT Detector

- Grade 3, 12m range (90°)
- Relay or BUS installation.
- 2.2m installation height.
- Microwave: K-Band, 2 channels
- PIR: 2 dual sensors, 2 separate lenses.
- Active IR Anti-Mask detection
- Pet immunity (35cm).

RK350DT0000B

Outdoor Curtain DT Detector

- Grade 3, 12m range (5°).
- Relay or BUS installation.
- 1.8-3m mounting height.
- Tamper: wall.

RK107DTB000A

SMB & Commerical Applications

BWare QUAD PIR, Grade 3 Detector EOL RELAY OR BUS MODELS

- 15m range.
- 2 Dual Element PIRs.
- Anti-Cloak Technology (ACT™).
- Anti-Mask Active IR
- Built-in Triple EOL resistors. (Relay model only)
- 2.1-2.3m mounting height.

RK500Q0G300A / RK500QB300A

BWare DT Grade 2 Detector EOL RELAY OR BUS MODELS

- 15m range.
- K-Band Microwave
- Anti-Cloak Technology (ACT™)
- Built in Triple EOL resistors (Relay Model only)
- 2.1 - 2.3m mounting height

RK515DTGL00B / RK515DTBGL0A

Residential Applications

BWare DT, Anti-Mask, Grade 3 Detector EOL RELAY OR BUS MODELS

- 15m range.
- K-Band Microwave
- Anti-Cloak Technology (ACT™)
- Anti-Mask Active IR
- Built in Triple EOL resistors (Relay model only)
- 2.1 - 2.3m mounting height

RK515DTG300B / RK515DTBG30A

DigiSense PIR Detectors 12M OR 15M RANGE

- Grade 2, 12/15m range.
- Microprocessor-based Digital Signal Processing.
- Built-in EOL resistors
- Variable Pet threshold (VPT™) in Pet Friendly models.

RK415PR0000C / RK412PT0000B

LightSYS Plus

Super Hybrid Alarm, Access Control and Video panel

LightSYS+, RISCO's flagship hybrid security solution is a gamechanger in the professional security market due to its flexibility and extensive range of capabilities.

Its meticulous design provides professional installers with a user-friendly installation experience, helping them manage their business efficiently with one panel that can fit any type of installation, from residential and SMB to grade 3 commercial installations.

This full range of professional functionalities does not compromise the ease of installation. LightSYS+ is also backward compatible - meaning you can quickly retrofit, upgrade, and expand any old system.

Key features include:

- Up to 512 zones – Wired, Wireless and RISCO Bus
- Up to 32 Areas/Partitions
- Up to 32 Keypads (wired or wireless)
- Integrated IP / Wi-Fi modules and plug-in 4G module

Wireless Visual Verification

Real time event verification, via camera detectors provides a series of still images and short video clips.

Alarm and Access Control

Integrated alarm and access control providing a flexible and cost-effective solution for up to 32 doors and 500 users

RISCO Cloud Remote Services

Reduce site visits with remote software configuration via the RISCO Cloud software.

WiComm Pro

Outstanding Performance. Sleek Design.

WiComm Pro is RISCO Group's next generation fully wireless visual verification alarm system, offering a high-end professional, Grade 2 system, in a new sleek, contemporary design and at a highly competitive price.

With RISCO's extensive line of wireless accessories and cloud-based products and services, WiComm Pro is definitely the smart choice for professional installers.

Superior Performance

Enhanced RF range and 2-way repeater for better performance.

Fast Installation

Smart mechanical design allowing quick panel configuration, assembly and installation.

Compact Sleek Design

Contemporary yet subtle design that fits any décor.

Wireless Detectors

Security

Wireless eyeWAVE PIR Pet CAM
Integrated camera indoor detector for visual verification, captures and transmits a sequence of images in case of an alarm.
RWX95CM/P

Beyond Wireless Outdoor DT Cam
Cutting edge wireless DT outdoor detector with integral high-resolution camera. Solar panel bracket for extended battery life (optional).
RWX350DC

Beyond Wireless Outdoor DT
Reliable wireless DT outdoor detector with Unique Detection Technologies designed for the Outdoors.
RWX350D

Wireless iWAVE PIR Pet
A stylish wall-mount detector. Easy to install with a simple bracket to wall installation.
RWX95/P

Wireless Door/Window Contact
+ 1 input. A supervised transmitter ideal with magnet for wireless perimeter door/window protection. Easy to install using a simple bracket to wall installation.
RWX73M

Wireless Piccolo PIR/Pet
A small and stylish motion detector for residential use. The innovative and clean design is ideal for customers looking for a contemporary look.
RWX96 / RWX96P

Wireless Outdoor Curtain DT Detector
Dual Technology and a narrow beam for minimum false alarms. Flexible coverage range with adjustable four sensitivity levels. Active IR anti-mask.
RWX107DT

1-Way Wireless Glassbreak
Detects the breaking of all common glass types and thicknesses. Supplied wall/ceiling swivel for optimal mounting and performance.
RWT6G

Safety

Wireless Smoke & Heat Detector
The new Smoke and Heat detector, now in a new sleek and elegant look and quick and simple installation.
RWX35S

1-Way Wireless CO Detector
CO Detector that detects and monitors the build up of Carbon Monoxide (CO) in residential and commercial environments.
RWTCO4

1-Way Wireless Flood Detector
Detects and alerts the presence of even small water leaks. Continues to work even when the security system is disarmed.
RWT6F

Keypads and keyfobs

Panda Wireless Keypad
Extremely reliable keypad with a clean design, ideal for users who are looking for a contemporary look and feel in their premises. (optional flush mount bracket)
RW332KPP / RW432KPP2

Panda Wireless Keyfob
The new Wireless 2-Way Keyfob combines the most advanced technologies within a contemporary, compact and streamlined design.
RWX332KF

Accessories

Wireless Internal Sounder
An aesthetically designed, fully wireless unit designed for indoor environment.
RWS42

Wireless LuMin8 Outdoor Sounder
A fully wireless sounder providing an easy and flexible solution for quick installation.
RWS401A

2-Way Repeater
Optimizing RF communication in tough conditions. Supports both, security and video channels (2-Way devices only).
RW132XWR

Introducing RISCO Cloud Revenue Program

Join the RISCO Cloud Revenue Program and enjoy these exclusive member benefits.

Generate recurring revenue

The RISCO Cloud Revenue Program allows you to monetize your install base and generate recurring revenues from new and existing Cloud-connected installs.

Increase your margins

The RISCO Cloud Revenue Program shares with you the income from cloud connectivity charges, allowing you to increase your margin from every cloud-connected installation.

Earn your share

The RISCO Cloud allows installers to earn a percentage of Cloud revenue, at no cost to you, no administration and no fuss.

TECHED

Expand your skills

Credly

Share your skills with a Credly Digital Badge

All participants who successfully complete a RISCO TechED training course now receive a digital certification issued by Credly, the leading global Open Badge platform. Share your new digital certification with prospective clients and employers by adding it to your email signature, your digital resume or sharing it on social media sites such as LinkedIn, Facebook, and Twitter.

Supporting security professionals

SINCE 1926

About Us

For nearly a century, we have been dedicated to supporting the security professionals that make up our industry with the latest and greatest products and training. As security technology has advanced, we've had the privilege of growing with it, and even though we've grown, we are still a family business at heart.
